Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Freedom Health, Inc. When it refers to “plan” or “our plan,” it means Freedom Health, Inc. This document includes a list of the drugs (formulary) for our plan which is current as of 05/01/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2024, and from time to time during the year.

What is the Freedom Health, Inc. Comprehensive Formulary?

A formulary is a list of covered drugs selected by Freedom Health, Inc. in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Freedom Health, Inc. will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Freedom Health, Inc. network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Freedom Health, Inc. Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand-name drug currently on the formulary, or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a *one month* 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Freedom Health, Inc.’s Formulary?”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 05/01/2024. To get updated information about the drugs covered by Freedom Health, Inc., please contact us. Our contact information appears on the front and back cover pages. In *the event of mid-year non-maintenance formulary changes*, members may be notified by formulary changes posted on our website at www.freedomhealth.com or through written communication such as your monthly Explanation of Benefits (EOB).

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 2. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 100. The Index provides an alphabetical list of all of the drugs included in this document. Both brand-name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Freedom Health, Inc. covers both brand-name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand-name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Freedom Health, Inc. requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Freedom Health, Inc. before you fill your prescriptions. If you don't get approval, Freedom Health, Inc. may not cover the drug.
- **Quantity Limits:** For certain drugs, Freedom Health, Inc. limits the amount of the drug that Freedom Health, Inc. will cover. For example, Freedom Health, Inc. provides 4 tablets per prescription for alendronate. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Freedom Health, Inc. requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Freedom Health, Inc. may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Freedom Health, Inc. will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 2. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Freedom Health, Inc. to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Freedom Health, Inc.'s formulary?" on page VI for information about how to request an exception.

What are over-the-counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan. Freedom Health, Inc. pays for certain OTC drugs. Freedom Health, Inc. will provide these OTC drugs at no cost to you. The cost to Freedom Health, Inc. of these OTC drugs will not count toward your total Part D drug costs (that is, the cost of the OTC drugs does not count for the coverage gap).

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Freedom Health, Inc. does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Freedom Health, Inc. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by Freedom Health, Inc.
- You can ask Freedom Health, Inc. to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Freedom Health, Inc. Formulary?

You can ask Freedom Health, Inc. to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level, unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Freedom Health, Inc. limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Freedom Health, Inc. will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary, 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 34-day emergency supply of that drug while you pursue a formulary exception.

For current members who experience level of care changes, transition supplies will be provided. The pharmacy can contact the Pharmacy Help Desk to request a transition supply. This will allow the provider, pharmacy, and beneficiary time to contact the plan for an exception or appeal. Based on the medical condition of the member, if a level of care change occurs from LTC to home, then a temporary transition of a cumulative 30-day supply will be provided. If a level of care change occurs from home to LTC, then a temporary transition of a cumulative 34-day supply will be provided. Increases in dosing will not be limited by a “refill too soon” edit as the member moves from one level of care to another.

If you have questions about Freedom Health, Inc., please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

Freedom Health, Inc.’s Formulary

The formulary that begins on page 2 provides coverage information about the drugs covered by Freedom Health, Inc. If you have trouble finding your drug in the list, turn to the Index that begins on page 100.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., *lisinopril*).

The information in the Requirements/Limits column tells you if Freedom Health, Inc. has any special requirements for coverage of your drug.

Drug Tier

Tier 1 = Preferred Generic

Tier 2 = Preferred Brand

Tier 3 = Non-Preferred Drug

Tier 4 = Specialty Tier

Most of the drugs on our formulary are also available by mail order. If you have questions about mail orders, please contact Member Service. Our contact information appears on the front and back cover pages.

The Drug Table below includes a column titled, “Drug Tier.” This column indicates what tier each drug is listed under. The following copayments/coinsurances are associated with the corresponding tiers if you receive the drugs at an in-network pharmacy. These copayments/coinsurances apply during the deductible, initial coverage phase, coverage gap phase, and catastrophic phase.

For all Part D covered drugs, you pay \$0 during all phases of coverage. Drugs not normally covered under Part D, such as Excluded Drugs, will have a copay during all phases of coverage. Some excluded drugs may be covered under Medicaid by this plan at a \$0 copay.

ED: Excluded Drug. This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

GC: Gap coverage. We provide additional coverage of all prescription drugs in this formulary in the coverage gap for all members who receive Extra Help (LIS).

LA: Limited Access. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Customer/Member Service at 1-800-401-2740 (TTY users should call 711). From October 1 to March 31, we are open 7 days a week from 8 a.m. to 8 p.m. EST. From April 1 to September 30, we are open Monday through Friday, 8 a.m. to 8 p.m. EST, or visit www.freedomhealth.com

QL: Quantity Limit. For certain drugs, Freedom Health, Inc. limits the amount of the drug that Freedom Health, Inc. will cover. For example, Freedom Health, Inc. provides 4 tablets per prescription for alendronate. This may be in addition to a standard one-month or three-month supply. Also, some drugs are limited to a specified amount “over time”, which means that Freedom Health, Inc will cover the total quantity listed over a specific time (days).

PA: Prior Authorization. Freedom Health, Inc. requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Freedom Health, Inc. before you fill your prescriptions. If you don't get approval, Freedom Health, Inc. may not cover the drug.

ST: Step Therapy. In some cases, Freedom Health, Inc. requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Freedom Health, Inc. may not cover drug B unless you try Drug A first. If Drug A does not work for you, Freedom Health, Inc. will then cover Drug B.

B/D PA: Prior Authorization for Part B versus Part D. Freedom Health, Inc. requires authorization to determine whether certain drugs are covered by Medicare Part B or Medicare Part D.

NM: Not Mail Order. These are drugs that are not available through mail order.

NEDS: Non-Extended Days' Supply. These are drugs that cannot be obtained for an extended number of days' supply. These can only be filled up to a maximum of 30 days' supply.

OTC: These drugs are covered under your Medicare Prescription Drug Plan with a prescription, and they are also available over-the-counter for purchase without a prescription.

Del 1 de abril hasta el 30 de septiembre, estamos abiertos de lunes a viernes, de 8 a.m. a 8 p.m., EST, o bien visite www.freedomhealth.com.

o **Mensaje importante acerca del pago de las vacunas** - Nuestro plan cubre la mayoría de las vacunas de la Parte D sin costo para usted. Llame a Servicios para Miembros para obtener más información.

o **Mensaje importante acerca del pago de la insulina** - Usted no pagará más de \$35 por el suministro para un mes de cada producto de insulina cubierto por nuestro plan, sin importar a qué nivel de costos compartidos pertenezca.

o **Mensaje importante acerca del pago de la Paxlovid** - Nuestro plan cubre Paxlovid sin costo para usted. Llame a Servicios para Miembros para obtener más información.

Importante para los miembros existentes: Este formulario se ha modificado desde el año pasado. Consulte este documento para asegurarse de que aún contenga los medicamentos que usted toma.

Cuando esta lista de medicamentos (formulario) se refiere a “nosotros”, “nos” o “nuestro”, significa Freedom Health, Inc. Cuando se hace referencia a “plan” o “nuestro plan”, significa Freedom Health, Inc. Este documento incluye una lista de los medicamentos (formulario) para nuestro plan, que está vigente a partir de 05/01/2024. Para obtener un formulario actualizado, comuníquese con nosotros. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, figura en la tapa y contratapa.

Para poder utilizar su beneficio para medicamentos recetados, por lo general, debe recurrir a farmacias de la red. Los beneficios, el formulario, la red de farmacias, y/o los copagos/coaseguros pueden cambiar a partir del 1° de enero de 2024, y periódicamente durante el año.

¿Qué es el Formulario Completo de Freedom Health, Inc.?

Un formulario es una lista de medicamentos seleccionados por Freedom Health Inc. en consulta con un equipo de proveedores de atención de la salud, que representa las terapias recetadas consideradas como una parte necesaria de un programa de tratamiento de calidad. Freedom Health, Inc. generalmente cubrirá los medicamentos enumerados en nuestro formulario siempre y cuando el medicamento sea médicamente necesario, la receta sea dispensada en una farmacia de la red Freedom Health, Inc. y se cumplan otras normas del plan. Para obtener más información sobre cómo dispensar sus recetas, consulte su Evidencia de Cobertura.

¿Puede cambiar el Formulario (lista de medicamentos)?

La mayoría de los cambios en la cobertura de medicamentos se realizan el 1 de enero, pero podemos agregar o eliminar medicamentos en la Lista de medicamentos durante el año, moverlos a diferentes niveles de costo compartido o agregar nuevas restricciones. Debemos seguir las reglas de Medicare en la realización de estos cambios.

Cambios que pueden afectarlo este año: En los casos que se detallan a continuación, usted se verá afectado por el cambio en la cobertura durante este año:

- **Nuevos medicamentos genéricos.** Podemos eliminar de inmediato un medicamento de marca en nuestra Lista de medicamentos si lo reemplazamos con un nuevo medicamento genérico que aparecerá en el mismo nivel de participación en los costos o menor y con las mismas restricciones o menos. Además, al agregar el nuevo medicamento genérico, podemos decidir mantener el medicamento de marca en nuestra Lista de medicamentos, pero moverlo inmediatamente a un nivel de costo compartido diferente o agregar nuevas restricciones. Si actualmente está tomando ese medicamento de marca, es posible que no le informemos con anticipación antes de hacer ese cambio, pero luego le brindaremos información sobre los cambios específicos que hemos realizado.
 - Si realizamos dicho cambio, usted o quien prescribe pueden solicitarnos que hagamos una excepción y seguimos cubriendo el medicamento de marca por usted. El aviso que le proporcionamos también incluirá información sobre los pasos que puede seguir para solicitar una excepción, y puede encontrar información en la siguiente sección titulada "¿Cómo solicito una excepción al Formulario de Freedom Health, Inc.?"

- **Medicamentos retirados del mercado.** Si la Administración de Alimentos y Medicamentos (FDA, por siglos en inglés) considera que un medicamento de nuestro formulario no es seguro o el fabricante del medicamento lo retira del mercado, inmediatamente lo eliminaremos de nuestro formulario y notificaremos a los miembros que toman el medicamento.
- **Otros cambios.** Podemos realizar otros cambios que afecten a los miembros que estén tomando un medicamento actualmente. Por ejemplo, podemos agregar un medicamento genérico que no es nuevo en el mercado para reemplazar un medicamento de marca que se encuentra actualmente en el formulario, o agregar nuevas restricciones al medicamento de marca o moverlo a un nivel distinto de costo compartido, o ambos. O podemos hacer cambios según las nuevas directrices clínicas. Si eliminamos medicamentos de nuestro formulario, o] agregamos una autorización previa, límites de cantidad y/o restricciones de terapia escalonada de un medicamento o cambiamos un medicamento a un nivel de costo compartido más alto, debemos notificar a los miembros afectados el cambio al menos, 30 días antes de que el cambio entre en vigencia o en el momento en que el miembro solicita un reabastecimiento del medicamento, en ese momento el miembro recibirá un suministro de un mes para 30 días del medicamento.
 - Si hacemos estos otros cambios, usted o el emisor de recetas pueden pedirnos que hagamos una excepción y continuemos con la cobertura del medicamento de marca para usted. El aviso que le proporcionaremos también incluirá información sobre cómo solicitar una excepción y también puede encontrar información en la sección que se encuentra a continuación titulada "¿Cómo solicito una excepción al formulario de Freedom Health, Inc.?"

Cambios que no le afectarán si actualmente está tomando el medicamento. Generalmente, si toma un medicamento de nuestro formulario del 2024 que estaba cubierto a principios de año, no interrumpiremos ni reduciremos la cobertura del medicamento durante el año de cobertura del 2024, excepto según lo que se describió anteriormente. Esto significa que estos medicamentos seguirán estando disponibles al mismo costo compartido y sin restricciones nuevas para aquellos miembros que los tomen por el resto del año de cobertura. Este año, no recibirá un aviso directo sobre los cambios que no lo afectan. Sin embargo, el 1 de enero del próximo año, estos cambios podrían afectarlo, y es importante revisar la Lista de medicamentos del nuevo año de beneficios para conocer cualquier cambio en los medicamentos.

El formulario que se adjunta está vigente desde el 1 de mayo de 2024. Para obtener información actualizada sobre los medicamentos que cubre Freedom Health, Inc., comuníquese con nosotros. Nuestra información de contacto figura en la tapa y contratapa. En el caso de cambios a mediados de año en un formulario que no sea de mantenimiento, los miembros pueden ser notificados por medio de cambios en el formulario publicados en nuestro sitio web en www.freedomhealth.com o a través de una comunicación escrita, como la Explicación de beneficios (EOB) mensual.

¿Cómo utilizo el formulario?

Existen dos maneras de encontrar su medicamento dentro del formulario:

Condición médica

El formulario comienza en la página 2. Los medicamentos en este formulario están agrupados en categorías según el tipo de condiciones médicas para las que se utilizan. Por ejemplo, los medicamentos para tratar una condición cardíaca están enumerados en la categoría “Agentes Cardiovasculares”. Si usted sabe para qué se usa su medicamento, busque el nombre de la categoría en la lista que empieza en la página 1. Luego busque su medicamento bajo el nombre de la categoría correspondiente.

Lista en orden alfabético

Si no está seguro en qué categoría buscar, debe buscar su medicamento en el Índice que comienza en la página 100. El Índice brinda una lista alfabética de todos los medicamentos incluidos en este documento. Tanto los medicamentos de marca como los medicamentos genéricos se enumeran en el Índice. Busque en el Índice y encuentre su medicamento. Al lado de su medicamento verá el número de página en la que puede encontrar información de cobertura. Vaya a la página que se enumera en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

¿Qué son los medicamentos genéricos?

Freedom Health, Inc. cubre medicamentos de marca y genéricos. Un medicamento genérico es aquel aprobado por la FDA porque tiene el mismo ingrediente activo que el medicamento de marca. Por lo general, los medicamentos genéricos cuestan menos que los de marca.

¿Existen restricciones para mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos adicionales o límites de cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** Freedom Health, Inc. requiere que usted o su médico obtengan autorización previa para ciertos medicamentos. Esto significa que necesita obtener aprobación de Freedom Health, Inc. antes de poder dispensar su receta. Si no obtiene la aprobación, Freedom Health, Inc. podría no cubrir el medicamento.
- **Límites de cantidad:** Para ciertos medicamentos, Freedom Health, Inc. limita la cantidad del medicamento que Freedom Health, Inc. cubrirá. Por ejemplo, Freedom Health, Inc. proporciona 4 tabletas por receta de alendronato. Esto puede ser adicional a un suministro estándar de un mes o de tres meses.
- **Terapia Escalonada:** En algunos casos, Freedom Health, Inc. requiere que usted pruebe primero ciertos medicamentos para tratar su condición médica antes de cubrir otro medicamento para esa condición. Por ejemplo, si ambos medicamentos A y B tratan su condición médica, Freedom Health, Inc. puede no cubrir el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, Freedom Health, Inc. cubrirá el medicamento B.

Puede averiguar si su medicamento tiene requisitos o límites adicionales consultando el formulario que comienza en la página 2. También puede obtener más información sobre las restricciones aplicadas a medicamentos específicos cubiertos visitando nuestro sitio web. Hemos publicado documentos en línea que explican nuestras restricciones de autorización previa y terapia escalonada. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del formulario, figura en la tapa y contratapa.

Puede solicitar a Freedom Health, Inc. una excepción a estas restricciones o límites, o solicitar una lista de otros medicamentos similares que puedan tratar su condición médica. Vea la sección “¿Cómo solicito una excepción al formulario de Freedom Health, Inc.?” en la página XVII para obtener información sobre cómo solicitar una excepción.

¿Qué son los medicamentos de venta libre (over-the-counter, OTC)?

Los medicamentos de venta libre (OTC) son medicamentos que normalmente no están cubiertos por un Plan de Medicamentos Recetados de Medicare. Freedom Health, Inc. paga por ciertos medicamentos OTC. Freedom Health, Inc. le proporcionará estos medicamentos OTC sin costo para usted. El costo para Freedom Health, Inc. de estos medicamentos OTC no se tendrá en cuenta para calcular los costos totales por medicamentos de la Parte D (es decir, el costo de los medicamentos OTC no cuenta para la brecha de cobertura).

¿Qué sucede si mi medicamento no se encuentra en el formulario?

Si su medicamento no está incluido en este formulario (lista de medicamentos cubiertos), primero debe comunicarse con Servicio a Miembros y consultar si su medicamento está cubierto.

Si Freedom Health, Inc. no cubre su medicamento, usted tiene dos opciones:

- Puede pedir a Servicio a Miembros una lista de medicamentos similares que están cubiertos por Freedom Health, Inc. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por Freedom Health, Inc.
- Puede solicitar que Freedom Health, Inc. haga una excepción y cubra el medicamento. Consulte lo que se describe a continuación para obtener información sobre cómo solicitar una excepción.

¿Cómo solicito una excepción al formulario de Freedom Health, Inc.?

Puede solicitar que Freedom Health, Inc. haga una excepción a nuestras reglas de cobertura. Existen varios tipos de excepciones que puede solicitarnos.

- Puede solicitarnos que cubramos un medicamento aunque no esté en nuestro formulario. Si se aprueba, este medicamento estará cubierto a un nivel de distribución de costos predeterminado, y usted no podrá solicitarnos que le suministremos dicho medicamento a un nivel de distribución de costos menor.
- Puede solicitar que cubramos un medicamento del formulario a un nivel de distribución de costos menor, a menos que dicho medicamento se encuentre dentro de los medicamentos especializados. Si se aprueba, esto disminuiría la cantidad que debe pagar por su medicamento.
- Puede pedirnos que eximamos las restricciones o límites de cobertura de su medicamento. Por ejemplo, para ciertos medicamentos, Freedom Health, Inc. limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede solicitar que eximamos el límite y que cubramos más.

Por lo general, Freedom Health, Inc. aprobará su solicitud de una excepción únicamente si los medicamentos alternativos incluidos en el formulario del plan, el medicamento de menor nivel de distribución de costos o las restricciones de utilización adicional no son favorables para tratar su condición y/o harán que padezca efectos médicos adversos.

Debe comunicarse con nosotros para solicitarnos una decisión de cobertura inicial para obtener una excepción al formulario, nivel o restricción de utilización. **Al solicitar una excepción al formulario, nivel o restricción de utilización, deberá enviar una declaración de su emisor de recetas o médico justificando su solicitud.** Por lo general, debemos tomar nuestra decisión dentro de las 72 horas después de obtener la declaración en la que su emisor de recetas realiza la justificación. Puede solicitar una excepción expeditiva (rápida) si usted o su médico creen que su salud corre un riesgo grave al esperar hasta 72 horas por una decisión. Si se le otorga la solicitud de agilización, debemos darle una respuesta dentro de las 24 horas luego de recibir la declaración justificativa del médico o de otro emisor de recetas.

¿Qué hago antes de hablar con mi médico sobre cambiar mis medicamentos o solicitar una excepción?

Como miembro nuevo o miembro que continúa en nuestro plan, podría estar tomando medicamentos que no están en nuestro formulario. O podría estar tomando un medicamento que está en nuestro formulario, pero su capacidad para obtenerlo es limitada. Por ejemplo, puede necesitar una autorización previa de nuestra parte antes de poder dispensar su receta. Deberá hablar con su médico para decidir si debe cambiar a un medicamento adecuado que cubramos o solicitar una excepción al formulario para que cubramos el medicamento que está tomando. Mientras consulta con su médico el curso de acción acorde para usted, podemos cubrir su medicamento en ciertos casos durante los primeros 90 días en los que usted es miembro de nuestro plan.

Para cada uno de sus medicamentos que no está en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, cubriremos un suministro temporal de 30 días. Si su receta se escribe para menos días, permitiremos que los resurtidos proporcionen hasta un suministro máximo de 30 días de medicamentos. Después de su primer suministro de 30 días, no pagaremos estos medicamentos, incluso si ha sido miembro del plan en menos de 90 días.

Si usted es residente de un centro de cuidado a largo plazo y necesita un medicamento que no está en nuestro formulario o si su capacidad para obtener sus medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, le cubriremos un suministro de emergencia de 34 días de ese medicamento mientras persigue una excepción al formulario.

Los miembros actuales que experimenten cambios en el nivel de atención recibirán suministros de transición. La farmacia puede comunicarse con la Mesa de Ayuda para Farmacias a fin de solicitar un suministro de transición. Esto dará al proveedor, a la farmacia y al beneficiario tiempo para comunicarse con el plan para solicitar una excepción o realizar una apelación. Según la condición médica del miembro, si ocurre un cambio en el nivel de atención desde el LTC (Cuidado a largo plazo) hasta la casa, entonces se brindará un suministro acumulativo de 30 días de transición temporal. Si ocurre un cambio en el nivel de atención desde la casa hasta el LTC, entonces se brindará un suministro acumulativo de 34 días de transición temporal. Una revisión con una calificación de “recambio demasiado pronto” no limitará los aumentos de dosis a medida que el miembro pasa de un nivel de atención a otro.

Formulario de Freedom Health, Inc.

El formulario completo que comienza en la página 2 le brinda información de cobertura acerca de los medicamentos cubiertos por Freedom Health, Inc. Si tiene problemas para encontrar su medicamento en la lista, consulte el Índice que comienza en la página 100.

La primera columna del cuadro enumera el nombre del medicamento. Los medicamentos de marca están en letra mayúscula (p. ej., JANUVIA) y los medicamentos genéricos en letra minúscula y cursiva (p. ej., *lisinopril*).

La información en la columna Requisitos/Límites le indica si Freedom Health, Inc. tiene algunos requisitos especiales para la cobertura de su medicamento.

Nivel del Medicamento

Nivel 1 = Medicamentos Genéricos Preferidos

Nivel 2 = Medicamentos de Marca Preferidos

Nivel 3 = Medicamentos No Preferidos

Nivel 4 = Medicamentos Especializados

La mayoría de los medicamentos incluidos en nuestro formulario también están disponibles en pedidos por correo. Si tiene preguntas acerca de los pedidos por correo, comuníquese con Servicio a Miembros. Nuestra información de contacto figura en la tapa y contratapa.

La siguiente Tabla de Medicamentos incluye una columna titulada “Nivel de Medicamentos”. Esta columna indica bajo qué nivel está enumerado cada medicamento. Los siguientes copagos/coseguros se asocian con los niveles correspondientes si recibe los medicamentos en una farmacia de la red. Estos copagos/coseguros se aplican durante el deducible, la fase de cobertura inicial, la fase de brecha de cobertura y la fase de catástrofe.

Para todos los medicamentos cubiertos por la Parte D, usted paga \$0 durante todas las fases de la cobertura. Drogas que normalmente no cubiertos por la Parte D, como los Medicamentos Excluidos, tendrán un copago durante todas las fases de la cobertura. Algunos medicamentos excluidos pueden estar cubiertos por Medicaid mediante este plan con un copago de \$0.

ED: Medicamento Excluido (Excluded Drug). Este medicamento recetado generalmente no está cubierto por un Plan de Medicamentos Recetados de Medicare. El monto que usted paga cuando le dispensan una receta de este medicamento no cuenta entre los costos de medicamentos totales (es decir, el monto que paga no lo ayuda a reunir los requisitos para la cobertura catastrófica). Además, si está recibiendo ayuda adicional para pagar sus recetas, no recibirá ninguna ayuda adicional para pagar este medicamento.

GC: Etapa sin Cobertura. Proporcionamos cobertura adicional de todos los medicamentos recetados en este formulario en la brecha de cobertura para todos los miembros que reciben Ayuda adicional (Extra Help) (LIS).

LA: Acceso Limitado (Limited Access). Esta receta puede estar disponible solo en ciertas farmacias. Para mayor información, consulte su Directorio de Farmacias o comuníquese con el Servicio de Atención al Cliente o el Servicio a Miembros de Freedom Health, Inc. al 1-800-401-2740 o, para los usuarios de TTY, al 711. Del 1 de octubre hasta el 31 de marzo, estamos abiertos los 7 días de la semana, de 8 a.m. a 8 p.m., EST. Del 1 de abril hasta el 30 de septiembre, estamos abiertos de lunes a viernes, de 8 a.m. a 8 p.m., EST, o bien visite www.freedomhealth.com.

QL: Límite de Cantidad (Quantity Limit). Para *ciertos medicamentos*, Freedom Health, Inc. limita *la cantidad del* medicamento que Freedom Health, Inc. cubrirá. Por ejemplo, Freedom Health, Inc. proporciona 4 tabletas por receta de alendronato. Esto puede ser adicional a un suministro estándar de un mes o de tres meses. También, algunos medicamentos se limitan a un monto especificado “durante el tiempo”, lo que significa que Freedom Health, Inc. cubrirá la cantidad total indicada en un tiempo específico (días).

PA: Autorización Previa (Prior Authorization). Freedom Health, Inc. requiere que usted o su médico obtengan autorización previa para ciertos medicamentos. Esto significa que necesita obtener aprobación de Freedom Health, Inc. antes de poder dispensar su receta. Si no obtiene la aprobación, Freedom Health, Inc. podría no cubrir el medicamento.

ST: Terapia Escalonada (Step Therapy). En algunos casos, Freedom Health, Inc. requiere que usted pruebe primero ciertos medicamentos para tratar su condición médica antes de cubrir otro medicamento para esa condición. Por ejemplo, si ambos medicamentos A y B tratan su condición médica, Freedom Health, Inc. puede no cubrir el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, Freedom Health, Inc. cubrirá el medicamento B.

B/D PA: Autorización Previa (Prior Authorization) para la Parte B frente a la Parte D. Freedom Health, Inc. requiere autorización para determinar si ciertos medicamentos tienen cobertura de Medicare Parte B o Medicare Parte D.

NM: Pedido No por Correo postal (Not Mail Order). Estos son medicamentos que no están disponibles en nuestras farmacias de envío por correo postal.

NEDS: Suministro de Días no Extendido (Non-Extended Days’ Supply). Estos son medicamentos que no se pueden obtener para un suministro extendido de días. Solamente se pueden dispensar recetas hasta por un máximo de 30 días de suministro.

OTC: Estos medicamentos están cubiertos por su plan de medicamentos recetados de Medicare con receta y también están disponibles sin receta para su compra sin receta.
